GRADUATING SENIOR REMINISCES

On this, my last day of school, my thoughts turn back to the time bout school but as I look bacl cided to attend Bishop Byrne. I plaints to be unjustifiable. was hesitant toward entering in the first place because I had many friends in my old school and I was afraid of a new school, with its strange faces.

But immediately upon entering, I found the people to be warm and were not as strange as I had imagined they would be. The first two years at Bishop Byrne have gone considerably well, taking into account that it is a new school and there are rough spots in the road to the establishment of an efficient yet personal center of Catholic secondary learning.

I speak for the entire Class of 1967 when I say that I am proud and honored to have been a part of the formation of one of the greatest schools anwhere.

At times I have complained a two years ago when I first de- carefully I find many of my com-

When I was an underclassman I found it difficult to understand how someone could become so attached to a school. But as a Senior, I realized that a school is not only a building with teachers who gave homework on the weekends, friendly and the new surroundings but it is a cherished memory to fall back on when times are hard, and our spirits are low.

> These are just my thoughts at this time, but I believe that mos of the Seniors will agree that what I have said is true. A note to th underclassmen: Live your high school years to the fullest because once they are gone you can never regain them. It is on this note that the Senior Class of 1967 bids farewell to Bishop Byrne High.

Bishop Byrne Juniors and Seniors enjoy a really fine Prom.

On Saturday night, May 27, at 8:00 p.m., Commencement Exercises will be held in Bishop Byrne's Gymnasium. Guest speakers are Bishop Durick, Apostolic Administrator for the Diocese of Nashville, and Mother Marie William O. P., Mother General of St. Cecilia Congregation of the Dominican Sisters of Nashville.

Graduation is the end for many, marking the completion of four years filled with wonderful memories and beginning for those who plan to attend college or venture into the business world. We now must stand on the knowledge we have gained from the previous experiences. It will not benefit us if we have not learned to use our own initiative and not to rely on

The Senior year has brought with it successes and failures, achievements and disappointments, will look toward graduation with mixed emotions, including fulfillment, hopes, anxieties, and a little sadness on the realization that high school terminates a time no longer relating to just students. We have become young "adults." We are expected to grasp responsibilities, to be secure and to cope with problems in a practical manner. We can no longer depend on the snap judgements of childhood. The adult world now demands rational behavior in all situations. Supposedly, the trial and error period has served its purpose. Any mistakes from here on are important examples of how we handle them from the education we have obtained. We thought high school expected too much; the real world doesn't expect these things, it demands them. For better or worse, we hope to leave Bishop Byrne an individual more certain on the road of accomplishment than when

printed here, only words of experbest year yet if you strive toward particular goals.

Without goals we have no purpose. And without purpose we have no reason to care. Not caring about grades is the quickest way to "self-destruction" in a sense. Those grades are recorded from the beginning of your freshman year. They tell the story. They tell the amount of effort made or the lack of it. The significance of grades becomes ever evident when trying to enter a college and the field in which you are interested. It is at this time you appreciate the extra push made by the teachers when things seem impossible. You never know how much you can do in studies unless you try. A funny but true saying will remain. "Can't is the coward who lost in the battle of try."

It is difficult to recount the memories of just this past year. But events of real importance are remembered by those to whom they mean the most. Everyone has

No words of wisdom can be grown-up a little more than the year before. The future is naturalience. Your Senior year can be the ly a mystery. It holds something different for each student. The unknown is always somewhat frightening. But with ideals envisioned, the unknown is made easier to face. Given the courage, perseverance, and self-confidence will be aids in meeting adversities.

Graduations come and go for most of us. But when it is YOUR They have set a fine example for graduation, it holds a special meaning. So we see graduation marking the close, but a beginning to another phase in life.

LAST MEETING SOLVES ALL

The Senior year drew to a close all too quickly for the second graduating class of Bishop Byrne High School. The final day of exams, Friday, May 19, ended the school career for 75 Seniors, excluding graduation. Along with them go the many responsibilities and problems that most of our Seniors concerned themselves with. Realizing the emptiness of this dream of freedom, the Seniors also remembered that they may never again get the chance to see one another again. In the last class meeting, held three weeks ago, this and other important problems were the highlight of their discussion. Together with Sister Terence's suggestion and aid, the top class made plans for a Senior banquet and luncheon party which was held last Tuesday, the 23, at the plush Ramada Inn. To complete the afternoon, the Seniors decided on a swimming party at the pool of the Inn. Although the Senior class had already had a Senior picnic last September 22, they felt it would be traditional to hold a banquet for the entire class.

Among the other arising problems of the graduation class was the color of the graduation caps and gowns. The class had a choice of white or grey commencement dress. Sister Terence put the matter to a standing vote and ruled by the majority, which was white. However, the traditional tassels on the mortar-boards are to be one of the school's three colors-red. All the Seniors are eagerly looking forward to the moment when they are allowed to move the tassels from the left to the right side.

Also discussed was the Senior gift to the school. A drawing was displayed and praised by all present. This sign is now on display in front of the school at Shelby Drive. It is of white letters on a wrought iron frame of black. Both the sign and the luncheon were paid for through the Senior treasury.

Much credit is certainly deserved by the out-going Senior class. the rest of the student body. A sincere vote of thanks and wish of luck goes with them on graduation night.

Seniors Say Thanks

The Junior-Senior Prom was a big success, as far as we, the seniors, are concerned. Many comments were made on the beautiful decorations. Because of the French accent brought out by the decorations, there was gaiety and excitement in the air.

We have ended our year with the Prom. It was a wonderful event. At first we did not care to come because of problems that arose. Everything calmed down and from the talk that went around school we were glad that we came. Many of the students have been to other Proms before, but it is said that this Prom was the best ever.

From the moment of arrival to the last note played by the band, talk filled the air. Disbelief was first heard. All that was heard later was, "Gosh, isn't this great!" The Prom of 1967 will be talked about for a long time to come. It will be a wonderful memory for us to cherish.

We thank you, juniors, for giving us the opportunity to have such a memory to take along with us in the future. The whole evening was wonderful. And you made it so by the hard work and time that went into the Prom.

We know that you received much satisfaction from your achievement. Juniors, you deserve all the thanks from us that we can give. We hope that you can take along with you after the high school days such a memory of your senior year. The Prom finished out our year with a bang.

We enjoyed the Prom immensely, and hope that there are many more proms that will be just as good for the coming seniors.

STAFF BIDS FAREWELL TO SENIOR MEMBERS

With every graduation comes the loss of a group of young people which the student body and faculty have come to appreciate and respect for their service and leadership. In nearly every school function and extra-curricular activity, they have shown themselves to be capable of doing their jobs and doing them well. The teachers and underclassmen wish to thank sincerely the graduating Senior class of 1967 for all they have done to make activities at Bishop Byrne more profitable for all concerned.

The entire staff of the "Sword-n-Shield" extends special gratitude to the 1966-67 editor-in-chief, Marie Pirani, and her assistant editor, John Connolly. John was not a member of the paper staff at the beginning of the year, but as time progressed, he was doing more work than anyone. However, as Mr. Weiner said, without Marie, there would probably never have been a newspaper. Indeed, any ordinary person would surely have given up after the first edition. These two Seniors, more than any others, have done much to build and improve the reputation of Bishop Byrne High School through their involvement in our school's publication, the Sword-n-Shield.

A few other special individuals who deserve recognition for their hard work this year are the page editors. Their skill and dedication have made our newspaper constantly better than the failure which we could have been. They are the following: Jamie Marino, features

A good thing cannot last forever, and the Seniors, who have been of invaluable service to all the organizations at Bishop Byrne High School, must be replaced by those whom we think can fill their places. On April 26, the paper staff held elections for the next year's officers. HIGHLIGHTS

FOOTBALL

The first varsity football team of Bishop Byrne got started on the right foot by beating Hillcrest 27 to 13 on the Vikings' home field. For the next few weeks the black cloud hung over Bishop Byrne until we met our next county opponent, Bartlett. The Panthers were also slain by the Red Knights by a score of 23 to 7. Millington proved to be a tough opponent for Bishop Byrne as the Knights conquered the Trojans by the score of 13 to 6. Bishop Byrne wound up the season with a 3-7 overall record and a 3-0 county league record.

The Freshman football team won their second consecutive County League Championship with a record of 7-1 with only three teams able to score on them.

BASKETBALL

Although the basketball team posted a 1-22 overall record, this is not a complete indication of what the team can do. The team was invited to the Knights of Columbus Tournament at the Memphis State University.

Byrne Has Donkey Game

Sunday, April 29th was the date for the Donkey Basketball Game Mr. Cox, Mr. Campbell, Mr. Sabsponsored by the Student Council of Bishop Byrne High School. The game was held in the Bishop project undertaken by our newly to help pay for the first annual Bishop Byrne picnic.

The two opposing teams supposedly consisted of the senior football players and the male members of the faculty. After the game was well underway any person who so wished was permitted to make his attempt at riding one of these ferocious animals.

Those who attended this event were fortunate enough to witness the only female member of the team, our own brave P.E. teacher, Miss Viglietti gallop onto the basketball court to aid her fellow

team mates who were Mr. Weiner, batini, Coach Scott, and Mr. West.

Among the many members of Byrne Gymnasium at 7:30 p.m. the opposing team were: Pete Al-This was the first fund raising fonso, Kevin Rando, Thomas Gatti, Glenn Case, Charley Carney, organized Student Council.
